OVER-NIGHT FEDERAL WIRELESS To the Advertiser

Detective Wm. Burns made public
Saturday the contents of the "Black
Book," containing the dictaphone re-
cord of an interview at Sing Sing
prison, in which former State Sen.
Stephen J. Stillwell, serving time for
bribery, told John A. Hennessy and a
lawyer representing Sulzer, that he
would swing six votes in the high
court of impeachment, before which
Sulzer was tried, in favor of the de-
fendant in exchange for a pardon.

M. Pinchon, French foreign minis-
ter, Saturday received M. Ghenades,
who arrived in Paris from Sofia to
negotiate a Bulgarian loan of 400,000-
000 francs.

The Hamburg-America Company is-
sued Saturday "air tables" including
the time tables for the Zepplin
flights for passengers all over Ger-
many. It is hoped that airship pro-
gress will enable the company to send
several airships with passengers to
Panama and San Francisco during the
Exposition.

Gabriel D'Annunzio, the well-known
Italian poet, announces, because he
cannot endure any life that is not
one of the most violent and intense
emotions, has carefully prepared for
suicide in two years' time. The form
of self-destruction is unique, for a
vestige of his body will remain.

General Carranza, flushed with re-
cent victories over the federal forces
in the north, has announced his in-
tention of sending an appeal to Wash-
ington for recognition of belligerency
and the placing of the insurgents on
the same footing, so far as the impor-
tation of arms and ammunition is con-
cerned, as the federals.

Huerta has temporarily averted fi-
nancial chaos by forcing the Catholic
party to advance him \$1,000,000 and
by borrowing \$500,000 from the Banco
Nacional, but this will last only a
very short time in the republic's war
campaign. As soon as this money is
exhausted, Huerta expects to draw on
various state treasurers. This prob-
ably will result in more revolts.

With 2,500 troops massed in the
government barracks to prevent any
outbreak, diplomatic conferences are
now going on that are to have a mark-
ed effect on the future of Mexico. The
conferences are surrounded with the
utmost secrecy. The German and
Russian ministers arrived here late
Saturday.

General Carranza has finally decid-
ed to make an appeal to the govern-
ment at Washington to recognize the
belligerency of the constitutionalists
and to raise the present embargo on
munitions of war.

Gen. Aureliano Blanquet, believed
to have been elected vice-president on
the ticket with Provisional President
Huerta, declared yesterday that he
would refuse the presidency in the
event that congress decided next week
that Huerta is constitutionally inelig-
ible.

Europe and Japan would regard the
defeat of the Democratic candidate
for governor of Massachusetts, Lieut-
enant-governor David L. Walsh, as a
repudiation of President Wilson's for-
eign policies, according to United
States Senator James Hamilton Lewis,
who addressed a Democratic rally in
Boston Saturday night.

At the opening of Saturday's session
of the trial of Mennel Hellas for the
murder of Andrew Yussinsky, the
president of the court complained that
the stenographic reports of the trial
organized by the Klevsky Mysl, and
used largely by the Russian and Eu-
ropean newspapers, were garbled ac-
counts of the proceedings.

A petition to Congress asking that
Carl Browne, secretary of "General"
Coxey, be given the privilege of ap-
pearing before the committee on
Thanksgiving day, of completing the
speech which the police cut short by
arresting him in 1894 when "Coxey's
army" arrived in Washington, is being
circulated here by Browne and his
friends.

Mrs. Arthur M. Dodge of New York,
president of the national association,
opposed to woman suffrage, is out
with a strong attack upon Dr. Anna
Howard Shaw, the head of the suffrage
movement in America, because of
Doctor Shaw's recent threat to boy-
cott congressmen who refuse to pledge
themselves to work for woman suf-
frage.

The life of United States Ambassa-
dor Penfield in Vienna has been made
rather unpleasant during the past few
days because of a refusal to contrib-
ute money to a fund for school chil-
dren. The American ambassador's
predecessors have given up for this
cause, rather unwillingly. To show
his displeasure, a Vienna newspaper-
man has published in all the Galician
papers the claim that Mr. Penfield is
of Jewish descent, that his name was
"Federfeld" and that his ambition is
to spend millions relieving the dis-
tress of Galician Jews.

Doc White, who has been pitching
for the Chicago Americans since 1901,
has played his last game in the major
leagues, if he has his way. It was
learned today that White is negotiat-
ing for the purchase of the holdings of
Tom Fairweather, who, with Frank
Isbell, controls the Des Moines West-
ern League team.

None of the eggs struck their mark.
The speech was next interrupted by
the passage of fire engines, a long
procession of horse cars, by a Demo-
cratic parade and finally by the "Black
Maria" loaded with prisoners.

ST. LUKE SAID NOW VINDICATED

Archaeologist Finds Evangelist
Truthful - Historian After
1900-Year Controversy

(By Latest Mail)

CHICAGO—St. Luke, the evangelist,
is innocent of the charge of inaccurate
writing brought against him by some
biblical scholars, according to the
statements made by Sir William
Mitchell Ramsay, in a lecture on "Re-
cent Discoveries and the New Testa-
ment," at the University of Chicago.

The lecturer announced new arch-
aeological finds which indicate that
the author of the Gospel of St. Luke
and of the Acts of the Apostles may
well serve as a model for modern his-
torians who seek to promote the truth.

Sir William, who recently retired
from his professorship of humanity
at the University of Aberdeen to de-
voted himself to archaeological re-
search in Asia Minor, told the stu-
dents of the discovery of ancient in-
scriptions which prove St. Luke cor-
rect where scholars have long doubt-
ed his word. "The scientist has un-
covered inscriptions which he declares
rank the biblical writer as an extra-
ordinarily accurate and reliable his-
torian."

Among other things the discoveries
have proved to Sir William's satisfac-
tion that the account of the Roman
system of taxation given in the sec-
ond chapter of the gospel of Luke is
trustworthy. Scholars formerly rid-
culed the statement that the Emperor
Augustus decreed that there should
be a general census and that all went
to be enrolled, "every one into his own
city." Sir William has discovered
evidence that this system was actu-
ally used in the Roman empire in the
first century.

NERVOUS DYSPESIA, GAS OR INDIGESTION

Each "Pape's Diapiesin" digests 3000
grains food, ending all stomach
misery in five minutes

Time it! Pape's Diapiesin will di-
gest anything you eat and overcome a
sour, gassy or out-of-order stomach
surely within five minutes.

If your meals don't fit comfortably,
or what you eat lies like a lump of
lead in your stomach, or if you have
heartburn, that is a sign of indiges-
tion.

Get from your pharmacist a fifty-
cent case of "Pape's Diapiesin" and
take a dose just as soon as you can.
There will be no sour risings, no
belching of undigested food mixed
with acid, no stomach gas or heart-
burn, fullness or heavy feeling in the
stomach, no flatulency, no head-
aches, dizziness or intestinal griping.
This will all go, and besides, there
will be no sour food left over in the
stomach to poison your breath with
nauseous odors.

Pape's Diapiesin is a certain cure
for out-of-order stomachs, because it
takes hold of your food and digests it
just the same as if your stomach was-
n't there.

Relief in five minutes from all stom-
ach misery is waiting for you at any
drug store.

These large 50-cent cases contain
enough "Pape's Diapiesin" to keep the
entire family free from stomach dis-
orders and indigestion for many
months. It belongs in your home—

ties," shouted Sulzer. "He and Al
Smith are doing this to shut me up,
but they cannot do it."

Rotten eggs were thrown at William
Sulzer, the deposed governor and can-
didate of the Progressive party for the
assembly in the sixth district, when
he addressed a meeting Saturday
night in Tom Foley's district and de-
nounced Al Smith of the assembly.

Nicholas Shkoff, a well-known
Moscow millionaire, who has spent a
great fortune on educational and peace
projects, has been invited by Andrew
Carnegie to visit him at Skibo Castle,
in Scotland, to discuss fresh plans for
displaying their munificence.

Oscar Wilde is alive and roaming
about Paris, says his nephew, Faolan
Lloyd.

"He called after I had retired and
requested me not to turn up the
lights," said Lloyd, "but I recognized
his voice and sprang from my bed. I
turned on the light and we talked for
several hours. He told me I must
keep silent for six months about his
presence in Paris."

Arrangements are being made at the
Vatican for a papal audience for the
Catholic officers and men of the
American fleet, when they will pay a
visit here this month. It is hoped
that the pope will be sufficiently
strong to receive them in the consis-
torial hall.

Orie E. McManigal, whose confes-
sion as an accomplice of the McNa-
mara brothers, was largely responsi-
ble for the conviction of 39 labor lead-
ers in Indianapolis, will be released
from the county jail here as soon as
the appeals of the convicted men are
disposed of by the district court of
appeals in Chicago, according to of-
ficials of the district attorney's office.

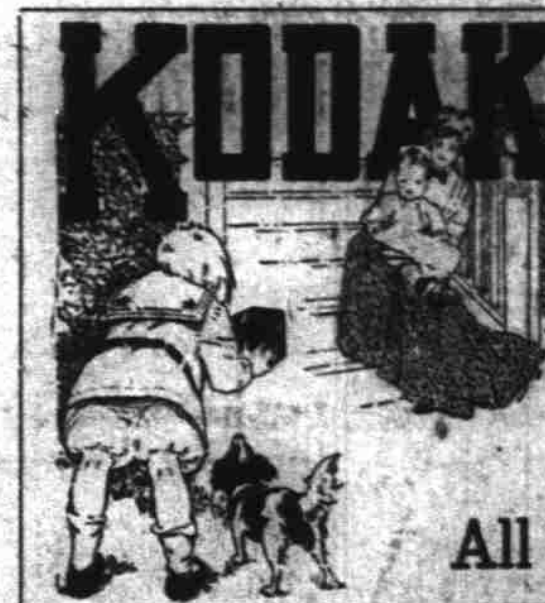

By a vote of 7 to 4, after an all-day
discussion of methods to provide cap-
ital stock for the regional banks, the
senate currency committee last night
voted down the Hitchcock plan for a
common capital stock of \$100,000,000
under the control of the federal re-
serve board.

HOLLISTER'S FORT STREET

ARMY ADVANTAGES URGED BY BRITISH WAR DEPARTMENT

(By Latest Mail)

LONDON—The war office recently
issued a booklet entitled, "The Ad-
vantages of the Army," with the ob-
ject of showing that a soldier's life is
today pleasant and prosperous. In a
the mon down she mon down howon
communication accompanying the
booklet, the war office declares that
the army would be more popular were
it not for misconceptions as to the
actual facts.

It is denied that soldiering of ne-
cessity, unites a man for any other
occupation. Tradesmen of almost ev-
ery class are required in the army,
where they can earn as much, if not

more, by work at their trades than
they would under an ordinary employ-
er. Any man, however, who is, or has
a chance of becoming a skilled trade-
man is not advised to join any
branch of the army, where he would
have no opportunity of keeping up
his trade.

The education given in the army
schools is referred to, and the com-
munication states that there is practi-
cally no position for which a man of
intelligence and determination cannot
fit himself by their help.

The booklet is full of information
with regard to joining the army, the
conditions peculiar to different branch-
es, pay, housing, food, furlough, re-
creation and other matters.

To be a man of strong principles
it is necessary to be a man of few
principles.

SUCCESSFUL ROOT AND HERB REMEDY

The study of roots and herbs, their
character and power over disease, was
what led Lydia E. Pinkham of Lynn,
Mass., to produce for woman's ills the
most successful remedy the world has
ever known, and while she passed to
her reward some years ago, her work
among suffering women is still car-
ried on by trained assistants and busy
tons of roots and herbs are consumed
annually in the manufacture of the
now famous Lydia E. Pinkham's Ve-
getable Compound, "as originated by
her—advertisement."

The happiest life, I have read some-
where, is one of the widest possible
experience, containing at the same
time the maximum of order.
